

**HIGH VELOCITY PROTECTION FOR
ANYTHING THE JOB THROWS AT YOU.**

HAZARD

Fine dust and debris from any work environment can cause long-term eye damage. Unexpected spraying of dangerous liquids or propellants can seep around ordinary eyewear into eyes.

HAZARD AVOIDED

Wiley X patented removable Facial Cavity™ seals block out dust, debris and other harmful substances.

HAZARD

Debris flying at high speeds can shatter ordinary safety glass lenses and frames, exposing the eye and face to severe trauma.

HAZARD AVOIDED

Wiley X Z87.1-2003 certified lenses and frames will protect eyes from everything the job throws at them. Some even protect US troops in the field from flying shrapnel.

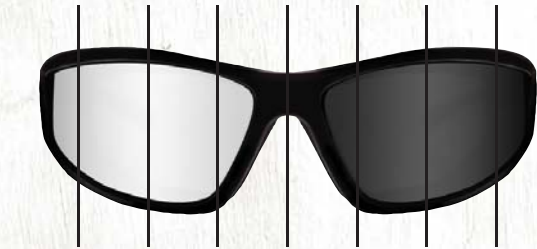

WILEY X RX READY INDUSTRIAL STRENGTH EYE PROTECTION

Vision loss is one of the top 10 on-the-job injuries, yet safety experts and eye doctors agree 90% of these incidents are preventable. In the US alone, 2,000 workers each day receive medical treatment for eye injuries*, costing 37,000 missed work days and an estimated \$300 million annually. Much of this is because workers and employers are unaware that premium eye protection that also looks good is available.

Wiley X occupational safety-rated eye-wear is built for anything the workplace throws its way. Wiley X provides total eye protection with Rx ready frames and lenses that exceed ANSI Z87.1-2003 high velocity impact safety and optical standards, and with patented technologies like Facial Cavity™ seals that block airborne matter. Long-lasting protection in a stylish package workers want to wear - don't wait for an injury before switching to Wiley X.

**Bureau of Labor Statistics*

HAZARD

Typical clear-lens safety glasses for dual indoor and outdoor use can expose eyes to glare and bright sunlight, causing fatigue and poor vision. The constant shuffling of clear and dark safety glasses for indoors and out is less efficient and often leads to glasses not being worn in hazardous conditions.

HAZARD AVOIDED

Wiley X LA™ Light Adjusting lenses automatically change tint based on UV light conditions, improving vision and eliminating the need to frequently change safety eyewear.

HAZARD

Average safety glasses feel uncomfortable and look unattractive, leading to the very common problem of employees not wanting to wear them.

HAZARD AVOIDED

Wiley X safety eyewear is not only snug and comfortable, but stylish. Suitable for any activity, on the job or off, they're the perfect safety glasses employees will actually enjoy wearing.

Most Wiley X ANSI approved frames can be filled with a prescription safety lens that meets most on-the-job safety requirements.

Our proprietary polarized lens technology adds 99.9% polarization to 100% ultra violet protection for unequaled clarity and contrast.

Wiley X has earned the distinguished designation of being ISO 9001:2008 certified. This verifies that our production processes and products meet the highest quality standards.

CLIMATE CONTROL SERIES

Patented removable Facial Cavity™ seals block any airborne matter preventing eye irritation or long-term damage. Move freely from indoors to out with optional LA™ Light Adjusting lenses. Dramatically reduce glare with Filter 8™ polarized lenses. All styles are Rx ready.

TERMS AND CONDITIONS

All Wiley X models may be combined when compiling a quantity order. Extreme care is taken when packaging all products we ship. If a discrepancy occurs, a claim should be made immediately.

Standard Terms: NET30 (upon credit approval)
COD Invoices incur minimal shipping and handling fee
Credit Card (Visa, Master Card, Discover, American Express)

LIFETIME WARRANTY

All Wiley X, Inc. eyewear is warranted to the original purchaser for life against manufacturing defect in materials and workmanship (except Light Adjusting [LA] lenses which have a tint adjustment life of 18 months. Proof of Purchase for LA lens products required).

Upon receiving returned eyewear that Wiley X, Inc. determines to be defective, we will repair or replace it, at our option.

This warranty does not apply to normal wear, including but not limited to scratched lenses, accidental damage, misuse, and other issues determined by Wiley X, Inc. not to be a manufacturer's defect. Original purchaser must include a shipping, handling, and processing fee of \$9.00 with any warranty claim.

RETURNS AND EXCHANGES

Returns and exchanges will not be accepted without receiving prior authorization. Returns must be in resalable condition, as determined by Wiley X for product not discontinued longer than six months. All returns must be shipped prepaid from point of origin, unless prior arrangements have been made. No COD returns accepted. New orders resulting from exchanges will be shipped upon receipt of returned merchandise unless other arrangements have been made with Wiley X. Customers are responsible for all shipping charges, both inbound and outbound. Returns should be sent attention: RETURNS DEPARTMENT.
