- Improving the quality of life
- Contains soft soap which does not irritate the skin, even the most sensitive

It's simple:

- cloth moistened
- cleans like a sponge
- dry without rinsing

USED IN THE BEST HOSPITALS  
AND  
CLINICS IN THE COUNTRY

Wet

Clean

Dry

Add only a little water to generate enough lather.

Use the cloth like a sponge, a soft lather will cleanse and soften the skin.

After washing, dry with a towel. The skin will be clean, smooth, and subtly scented. No need to rinse.
